

# Constructing a better tomorrow

CASA wants to be Denmark's leading construction company. **We develop, build, and renovate** real estate, business domiciles, and public buildings such as schools and city halls with an annual turnover of more than 2.5 billion DKK.

CASA employs **more than 200 specialists nationwide** in a unique, agile set-up. We are located on construction sites and in our two main offices in Horsens and Søborg. CASA employees are independent, competent professionals, who want to construct a better tomorrow, and **we are always looking for new colleagues to join.**
