

# Power your talent with a European payments champion

At Nets Group we chase the payment solutions for an easier tomorrow by exploring concepts like biometric payments, AI and Voice assistants. Handling billions of transactions annually, Nets Group is among the top payment processors in Europe. It's our ambition to turn complex reality into easy, intuitive and customer-oriented solutions to handle digital payments and related services. This has made us a trusted partner to 700,000 merchant outlets including 140,000 online merchant outlets and 250 European banks... and many more to come.

Nets Group provides safe and reliable digital payments and e-identities, moving value and creating value for both business, society and citizens. Build your career with us, and together we'll be powering an easier tomorrow for all of us.

POWERED <sup>by</sup> PERSONALITY

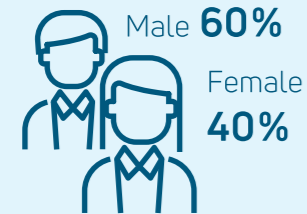

At work I'm powered by:

## Power your career on our ambitious growth journey

Working at Nets, you'll be challenged to develop your talent and aim higher every day in a supportive, international and informal team culture. Learning and growing alongside skilled and open-minded colleagues and leaders with different experiences and personalities, you'll be given the opportunity to take responsibility from the start. We expect you to aim high, because we depend on your ideas, expertise, passion and personality to co-create products and solutions to power an easier tomorrow for every citizen, bank, business and colleague.

Do you want to be part of turning our Nordic digital legacy into a world-beating business?
